Installation Please contact Gilt Edge Industries for all trim, underlay and installation recommendations. NB: If appropriate trims or underlays are not used, claims will not be accepted. Must be laid in accordance with AS/NZ Installation Standards.

- For samples, range and warranty details please contact us on 0800 377 753 or belgotex.co.nz
- Specifications are based on averages from manufacturing processes and may vary within normal industry tolerances.
- This product is intended for use solely as an indoor floor covering and is not recommended or sold for any other purpose.
- Use entryway systems outside each entrance to prevent dirt, sand, grit and other substances from being tracked onto floor.
- **Rubber Migration:** Rubber migration (also known as Plasticiser Migration) is a condition that can cause vinyl to discolour. It is caused by rubber or latex products, eg rubber or latex-soled slippers, shoes and rubber backed mats, coming to contact with the vinyl over a constant period of time. It is neither a manufacturing nor an installation fault and therefore is not covered by our warranties.
