- Specifications are based on averages from manufacturing processes and may vary within normal industry tolerances.
- This product is intended for use solely as an indoor floor covering and is not recommended or sold for any other purpose.
- Use entryway systems outside each entrance to prevent dirt, sand, grit and other substances from being tracked onto floor.
- **Rubber Migration:** Rubber migration (also known as Plasticiser Migration) is a condition that can cause vinyl to discolour. It is caused by rubber or latex products, eg rubber or latex-soled slippers, shoes and rubber backed mats, coming to contact with the vinyl over a constant period of time. It is neither a manufacturing nor an installation fault and therefore is not covered by our warranties.
- Plain, granite or patterned vinyls will either need to be reverse laid or a wider width should be used to allow for colour inequality, an additional allowance may have to be made for the pattern repeat.
