### Product

Carpet Tiles as specified on our [range statement](#).

### Description of Carpet tiles

The term carpet tile is taken to mean tiles of tufted carpet that are woven on to a tile or plank format to be used as a wall – to -wall floor covering.

Belgotex (NZ) Ltd supplies carpet tiles comprising of a synthetic fibre pile. This tufted pile is woven into a primary backing material, and a secondary backing material. Carpet tiles can be either laid loosely, with double sided tape, or adhesive. Carpet tiles are supplied in plank or tile format by the square metre.

When installed a Belgotex (NZ) Ltd carpet tile may contribute to G6 (airborne & impact sound) of the building. Compliance with this clause would need to be established as part of the proposed flooring system.

### Building Code Obligations

When installed Belgotex Carpet Tiles meet the requirements under the building code as detailed below.

Code Clauses	Compliance Pathway	Evidence
B2 (Durability) B2.3.1(c)	Alternative Solution	Carpet tiles are manufactured in accordance with ISO9001:2015 and/or EN 14041 CE Mark, under EN 1307. All products covered by this disclosure meet the minimum 5-year durability requirement. B2/VM1 1.1.1 In-service history, Belgotex NZ have supplied carpet tiles in New Zealand more than 15years with a product exceeding a service life of a minimum 5 years satisfying the performance requirements of the Building Code as a floor covering is easy to access and replace, and failure of the product would be easily detected during normal use of the product
