Wood is a valuable and sustainable resource that should be treasured for its individuality. Our experience and craftsmanship make our products unique, and the passion we have for this material inspires our product development and keeps us relevant in the ever-evolving world of interiors.

Our **heritage traces back over 380 years,
to two small sawmills operating on the
Boen falls in scenic southern Norway.
This long history with timber continues
to inform our way of working today.**

Over generations, our relationship with wood has deepened. As a natural resource, timber has shaped not only homes but entire communities. With each passing year, our understanding of the possibilities of timber – its resilience, its movement, its natural beauty – has become more refined. This heritage lives on in every BOEN floor.

BOEN engineered timber flooring brings nature indoors, creating warm, welcoming spaces that feel grounded and timeless.

Thoughtfully designed for everyday living, our floors combine authentic texture with innovative finishes, easy installation and long-lasting durability. The result is a beautiful, real wood floor that fits effortlessly into daily life.

Live Pure Ultra-Matt Lacquer

Live Pure is an innovative surface treatment offering a natural look with an ultra-matt finish and excellent protective characteristics.

The lacquer treatment protects the floor from dust, dirt, and liquids, leaving the hardwood floor looking smooth, clear, and with a naturally light appearance similar to untreated wood.

Live Natural Pre-Finished Oil

Live Natural is a surface treatment made from natural oils like sunflower, thistle, and soya bean, along with carnauba and candelilla waxes.

The oil treatment deeply penetrates the wood, saturating the pores and adding depth and lustre to the grain. With regular maintenance, this method offers superior liquid protection.

Surface Finishing

No two trees are ever the same. Each grows with its own distinct structure and palette of tones, shaped by time and nature. These organic variations bring depth and authenticity, to interior spaces.

A story captured in every plank. Rich in structure, the oak used in these curated BOEN ranges is **graded** on a spectrum ranging from Andante to Espressivo.

14 Timber Grading

CALM

LIVELY

RUSTIC

Andante

Selected grading with smaller knots and minimal sapwood. Natural variations in colour.

Animoso

Natural grading with a mix of small and medium knots, moon rings and minimal sapwood. Middle variations in colour.

Espressivo

Grading features unlimited size knots, moon rings and increased sapwood. All kinds of colour variations from light to dark.

The Range

BOEN Oak White Andante brings a contemporary edge with soft, light-toned oak. The micro-bevelled long edges and a smooth surface, make for a versatile choice across modern living spaces.

BOEN's Live Pure ultra-matt finish, Oak White Andante offers a naturally raw, untreated look with superior durability. Its elegant 181mm wide planks enhance light and space, making it ideal

for open-plan interiors, calm retreats or coastal settings. A seamless blend of Scandinavian minimalism and long-lasting performance.

**Oak White
Andante**

Live Pure Oak White Andante

Oak Animoso evokes a sense of calm and quiet confidence – its soft grey tones and natural texture create a **grounded, elegant atmosphere** that supports considered design and effortless, timeless living.

Finished with BOEN's Live Pure ultra-matt surface, this floor retains the authentic look and feel of natural timber while offering impressive durability. The wide planks and gently brushed

grain introduce texture and warmth, perfect for interiors that favour subtle layering, refined materials and a thoughtful, harmonious aesthetic.

Oak
Animoso

Live Pure Oak Animoso

Soft and sophisticated, Grey Harmony Animoso **softens the tone** of the space. Its muted grey tones anchor the room with quiet elegance, creating space for thoughtful design and timeless expression.

BOEN's Live Pure finish for a natural look with enduring strength, Grey Harmony Animoso pairs beautifully with organic textures and subdued palettes. The wide planks and gentle grey hue

create a calm foundation that complements minimalist, Nordic-inspired interiors or layered, textural spaces with a refined, modern edge.

**Grey
Harmony
Animoso**

Warm Grey Animoso envelops the space in a gentle, grounded warmth. Its soft, earthy tone adds depth and subtle movement – inviting comfort, connection, and a naturally refined aesthetic.

The Live Pure ultra-matt finish enhances the authentic grain, offering a natural look with long-lasting protection. This warm, muted tone pairs beautifully with timber accents,

textured fabrics and soft lighting, making it an ideal choice for creating welcoming, layered interiors that feel both timeless and personal.

**Warm Grey
Animoso**

Live Pure Warm Grey Animoso

India Grey Animoso strikes a perfect balance between boldness and restraint. Its cool, moody undertone introduces quiet drama – ideal for interiors that embrace depth, contrast, and confident sophistication.

Crafted from high-quality oak and treated with BOEN's Live Pure lacquer, this flooring penetrates deeply, enhancing the wood's grain and providing a lustrous finish. With regular

maintenance, it offers superior liquid protection, making it suitable for various rooms seeking a traditional yet resilient flooring solution.

India Grey Animoso

Brazilian Brown Animoso brings a sense of deep richness to any space. Its warm brown tones ground the room with natural strength. Ideal for layered, luxurious interiors that feel beautifully refined.

Finished with BOEN's Live Pure lacquer, this engineered oak flooring offers a durable, ultra-matt surface that enhances the wood's natural beauty while protecting against

everyday wear. Its generous plank width and deep brushed texture make it an ideal choice for creating inviting, elegant interiors in both residential and commercial settings.

Live Pure Brazilian Brown Animoso

Pale White Vivo captures the purity of light and space. Its soft, washed tones open up interiors with an airy elegance. Perfect for creating calm, minimalist spaces that feel effortlessly curated.

Crafted with BOEN's Live Pure ultra-matt finish, this flooring offers a natural, untreated appearance while providing exceptional durability. The wide 209mm planks enhance

the room's openness, making it ideal for contemporary spaces seeking a touch of rustic charm. Experience the blend of Scandinavian design and timeless craftsmanship.

**Pale White
Vivo**

Oak Andante offers peaceful elegance. Its balanced tone and subtle grain create a **serene backdrop that complements refined design, allowing materials, form and light to take centre stage.**

Crafted as part of the Live Natural range, Oak Andante features a soft-brushed surface and natural oil finish that highlights its understated beauty. The wide plank format adds gentle

flow and continuity, making it a sophisticated choice for interiors defined by balance, material integrity and timeless architectural intent.

**Oak
Andante**

Horizon Animoso brings a sense of depth and stillness. Its dusky, blue-grey tone reflects **misty coastlines and twilight skies**, setting the scene for moody, sophisticated interiors with an edge.

Finished with BOEN's ultra-matt Live Pure Lacquer surface, Horizon Animoso offers a raw, tactile elegance with enduring performance. Its wide planks and brushed

grain enhance shadow and tone, making it ideal for layered interiors that embrace contrast and atmosphere while maintaining a sense of refinement and natural beauty.

Horizon Animoso

Live Pure Horizon Animoso

Elephant Grey Espresso is rich in colour with deep grey hues and textures. Perfect for sophisticated interiors with a strong architectural or heritage-inspired spaces.

Finished with BOEN's innovative Live Pure lacquer, this flooring combines a raw, natural look with superior protection. The 209mm wide planks and expressive grain patterns add

depth and personality to any space. Ideal for those seeking a distinctive, nature-inspired aesthetic with enduring quality.

Live Pure Ultra-Matt Lacquer

To keep your BOEN floor looking its best, simply sweep or vacuum regularly to lift away dust. When mopping, a lightly damp Bona Spray Mop paired with Bona Wood Floor Cleaner is ideal.

For more persistent marks such as grease or heel scuffs, Bona Oxypower Deep Cleaner followed by Bona Polish Matt will help refresh the surface and restore protection.

Important: For lasting beauty, please take a moment to read the full care and maintenance guide. Scan the QR code or visit belgotex.co.nz.

Bona[®]

Live Natural Pre-Finished Oil

For initial care, we recommend applying Bona Oiled Wood Floor Cleaner when you first install your Live Natural floor. Use undiluted with a lint-free cloth – one cap is enough for 4m². Allow the surface to dry, then gently polish.

For daily cleaning, simply sweep or vacuum to remove dust. For regular mopping, add one cap of Bona Oiled Wood Floor Cleaner to 5L of water, adjusting the concentration if floors are more heavily soiled.

To preserve the natural finish, reapply Bona Oiled Wood Floor Refresher as required: once or twice a year in low-traffic areas, or monthly in busier spaces.

Important: Please read the full care and maintenance guide to help keep your BOEN floor beautiful. Scan the QR code or visit belgotex.co.nz.

Bona[®]

Look after the BOEN in your space.

1. Stop dirt at the doorstep

Use door mats in the entrance area and, ideally, outdoor shoes should also be taken off there.

2. Avoid scuffs and scratches

Felt gliders prevent scuffs and scratches from table and chair legs.

3. Keep clean

Vacuum the floor regularly. Wipe up any moisture immediately to prevent it from being absorbed by the wood.
