ACCESSORIES

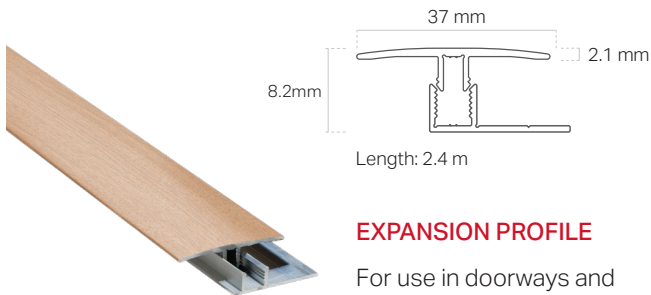

TRANSITION PROFILE

To be used when the installation of your laminate floor incorporates a union with a floor of a different height.

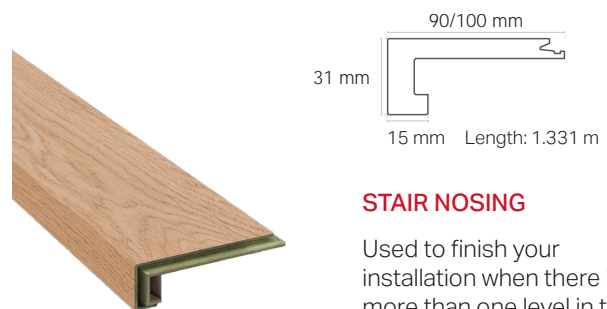

END PROFILE

To be used when you want to finish off your installation with little or no protrusion. Very useful when finishing against a window or against furniture baseboards or bathroom fixtures.

EXPANSION PROFILE

For use in doorways and when the dimensions of the room require it. It is designed to facilitate the expansion and contraction of the floor.

STAIR NOSING

Used to finish your installation when there is more than one level in the same room or when it ends in a staircase, which can be completely covered.

BELGOTEX AQUA ELITE UNDERLAY

Engineered to significantly reduce both reflected footfall and transmitted noise from upper-story traffic, Aqua Elite ensures a serene and peaceful environment below. Whether you're walking softly or bustling around, this underlay keeps your space quiet and comfortable.

Roll Length 25m | Roll Width 1m | Thickness 2.5mm
Water Vapour Diffusion Resistance (SD) >75m
Compression Strength (CS) 109kPa

BELGOTEX AQUA PERFORMANCE UNDERLAY

Aqua Performance sets the standard for quality in floating floor underlays. At Belgotex, we prioritize indoor air quality, which is why we use only the finest materials to ensure a safe and healthy environment for you and your family.

Roll Length 50m | Roll Width 1m | Thickness 2.0mm
Water Vapour Diffusion Resistance (SD) >75m
Compression Strength (CS) 42kPa
