Limited Wear Warranty for Commercial use

Abrasive wear refers to actual fibre loss from the pile of the carpet and does not cover appearance characteristics such as pile flattening or matting. Belgotex NZ warrants its carpet against pile weight loss by abrasive wear of more than 10% for your carpet within the period mentioned on Belgotex NZ website and technical specifications, from date of installation, provided it is used in accordance with the manufacturer's usage rating and the terms outlined in the General Warranty Conditions above. This warranty covers abrasive wear of the surface pile only and does not cover carpet backings. To make a claim you must notify your place of purchase and provide proof of purchase. If upon inspection and testing, Belgotex NZ is satisfied that the carpet was correctly installed to Australian and New Zealand standards (AS/NZS:2455) and maintained to Belgotex NZ's Care and Maintenance guidelines, and that the surface pile has abrasively worn more than 10% in the period mentioned on the wear warranty label affixed to the sample, Belgotex NZ will compensate the purchaser as per the terms outlined in the 'Claims' section of this warranty document.

Limited Stain Resistance Warranty for Commercial use

Belgotex NZ warrants that the surface pile of carpet will be stainproof or stain-resistant to most food and beverage stains for a period as indicated on Belgotex NZ's website and technical specifications, and/or care and maintenance guidelines. The warranty period starts from the date of installation and when properly installed indoors to and New Zealand standards (AS/NZS:2455) and in accordance with the terms outlined in the 'General Warranty Conditions'. This warranty specifically excludes general soiling, discoloration, appearance change due to pile distortion, exposure to substances or contaminants which degrade or destroy synthetic yarn or the colour of the carpet, very hot liquids, food and beverages containing strong dyes (for example, but without limitation, mustard, curry, coffee, and tea), hair dye, urine, faeces and vomit (human and animal), and staining that becomes permanent due to the failure to carry out care and stain removal procedures as recommended. Before making a claim under this warranty, you must have attempted to remove the stain by using the recommended cleaning procedures. If the stain removal is not successful, you must have the affected area of your carpet professionally steam-cleaned (hot water extraction). If the affected area remains unsatisfactory, you must notify your place of purchase immediately. You must be able to provide proof of purchase and proof that professional steam cleaning (hot water extraction) has been undertaken. You must permit Belgotex NZ access to the installed carpet to remove the stain. If, under testing and analysis performed by Belgotex NZ, the tested carpet or the cleaned area is found to have a rating of 4 or less under the Red 40 Stain Scale when tested according to the American Association of Textile Chemists and Colourists (AATCC) Test Method 175, Belgotex NZ will compensate the purchaser as per the terms outlined in the 'Claims' section. If the stain is removed as warranted, all stain removal costs will be the responsibility of the purchaser.

Limited UV Colourfast Warranty for Commercial Use

Belgotex NZ warrants that its carpet will not display a significant change in colour due to exposure to sunlight or atmospheric contaminants for the period mentioned in the warranty specific to your carpet from date of installation. Other external factors such as spills of chemicals may cause carpets to change colour. Fading can also occur due to prolonged exposure to direct sunlight which can break down the fibres and construction of carpet, which is not covered by this warranty. The use of window furnishings such as curtains, blinds, shutters, shades, or window tinting will minimize the risk of this occurring. To make a claim under this warranty, you must notify your place of purchase, provide proof of purchase, and provide non-returnable samples of the carpet for testing. If, under testing performed by Belgotex NZ, the carpet is found to have a rating of 4 or less under the Blue Scale, when tested in accordance with ISO Test Method 105 B02, Belgotex NZ will compensate the purchaser as per the terms outlined in the section 'Claims'.
